Exhibitors should be mindful of this, keep aisles and walkways clear, and tend to their animals accordingly.

Animal Wellness & Care

The Animal Wellness & Care Plan (AWAC) was established to reinforce the Indiana State Fair's commitment and belief in the proper treatment of all animals in exhibition. The Indiana State Fair holds exhibitors of the various species of animals being exhibited to the highest standards in wellness, care and ethics of exhibition. The AWAC is responsible for ensuring the most up to date standards as well as to be a source for the public to seek answers to their questions relating to the health and safety of the animals involved in the Indiana State Fair.

Biosecurity

The Indiana State Fair Biosecurity Plan was developed to prevent the outbreak of diseases carried by both animals and humans that spread pathogens that can be transmitted to and from farm animals, as well as through the food supply. Many diseases and pathogens can be prevented through maintaining the cleanliness of facilities and encouraging good hygiene. The Biosecurity Plan will be enforced during the Indiana State Fair and all exhibitors are required to comply with it.

The Indiana State Fair is committed to providing opportunities for all 4-H participants to show their animals as part of the State Fair. The State Fair also wants to ensure the integrity of its 4-H competitions as is evidenced by the various terms and conditions set forth in this Entry Book, including its policy with respect to testing for unauthorized substances in certain animals that are entered into these competitions and the penalties associated with positive results. By entering into these competitions, you agree to these terms and conditions and as such, we strongly recommend that you read this information carefully prior to submitting your entry.
